

Extracts from Mme. Yale's famous lecture on beauty.

# Wisdom Beauty

A wise woman will always endeavor to look her best and retain her youthful appearance as long as possible. A faded woman is a menace to good breeding and true womanhood.

#### **Pretty Girls**

do not always remain young and beau-tiful. Old age has singled them all out for his prey some day. Be up in arms against "Old Father Time"—he is a ruthless old reveler and will rob you if he can. The wise women of this generation do not covet beauty for vain or idle purposes, but as a home puri-fler and the glorious influence that it yields in shaping the affairs in human erolution.

Circuit Judge Taylor yesterday reprimanded the Transit employes who falled to appear as witnesses in the case of Bascom Moore against the Transit Company, which resulted in a judgment for \$5,000 being given against the company.

Moore was injured by a Grand avenue car leaving the track some months ago. He had summonses issued for Benno Banks, M. Thompson, Thomas Caulfield, E. A. Lesliend J. J. Werts, employes of the company, as witnesses for him. They did not appear and Judge Taylor ordered them to be brought into court by the Sheriff, as also A. Beasty, a foreman for the company, Beasty, it was stated, told the men not to mind the summonses.

# STEEL TRUST MAKING **UNION MORE COMPACT**

Three Subsidiary Companies Merged Into One, Reducing Capitalization Three-Fourths.

#### CARRYING OUT OLD PURPOSES.

New Arrangement Will Save Great Sums in Taxation and in Other Directions-More Changes to Follow.

Trenton, N. J., March 26.-Articles of perger were filed in the office of Secretary of State to-day, merging the American Steel Hoop Company, National Steel Company

and the Carnegie Company.

The merged corporation is to be known as the National Steel Company, with a capitalization of \$3,000,000. The combined capital of the old companies amounted to \$252,000,000.

By this merger the new corporation will save over \$7,000 each year in fees paid to the State of New Jersey.

The directors of the new corporation are: W. E. Corey, C. M. Schwab, E. H. Gary, W. W. Blackburn and Thomas Murray, The officers of the company are: W. E. Corey, president; W. W. Blackburn, secretary-treasurer; W. C. McCausland, assistant treasurer; J. J. Campbell, assistant secretary and auditor. All the new officers are from Pittsburg.

PART OF RIG PLAX.

from Pittsburg.

PART OF BIG PLAN.

Pittsburg, March 26.—The only explanation offered in Pittsburg for the filing of articles of merger at Trenton to-day by subsidiary companies of the United States Steel Corporation, is that the latter is about to carry out its plan of merging all its constituent companies, practically abolishing the subdivisions of the general corporation and having the parent concern become the operating as well as the stockholding concern.

This plan will do away with the individual organizations such as the Carnegie Steel Company, the American Sheet Steel Company, the American Tin Plate Company, the National Tube Company, the Federal Steel Company, and all underlying concerns operated separately.

It will also simplify matters considerably, and by arranging them as departments of the general corporation, there will be practically no change in methods, while a tremendous saving in capitalization tax will follow.

At present the United States Steel Corporation pays a tax in New Jersey on its general capital, though it is represented in the general capital of the corporation are all old officials of the Carnegie company. President Schwab of the United States Steel Corporation, but he refused to say anything in reference to the report.

Sew York, March 26.—Elbert H. Gary, chairman of the United States Steel Corporation, but he refused to Say anything in reference to the report. PART OF BIG PLAN.

New York, March 26.—Elbert H. Gary, chairman of the United States Steel Corporation and a director of the newly-incorporated National Steel Company, says that the question of merging all or some of the other constituent companies has not yet been considered.

The merger of the companies as reported to-day, he adds, was decided upon some months ago and was made solely for the purpose of promoting economical administration.

months ago and was made solely for the purpose of promoting economical administration.

The outstanding shares of stock of the three merging companies, preferred or common, are to be exchangeable or convertible into stock of the consolidated corporation at the rate of one-quarter share of stock of the consolidated corporation for every share of stock of the merging companies.

and Broadway.

The exhibit of the latest Parisian effects in the millinery line, which was inaugurated Wednesday, will continue through one day more. New creations and ideas constantly being received from the firm's special artists form a continuous exhibit, in addition to the grand affair which marks the opening of the new season.

the grand affair which marks the opening the new season.

The millinery exhibit is on the second floor. There in long rows of glass cases are to be seen countless gems of the milliner's cunning art, each one bearing in the originality of its conception the unmistakable stamp of the firm's constant boast of individuality. From the endless variety displayed is also made manifest the fact that each customer's particular taste is catered to.

played is also made manifest the fact that each customer's particular taste is catered to.

In an atmosphere freighted with the sweet smell of hyacinths and American beauties is displayed the foreign gowns, robes and materials, that mark the advent of the approaching Eastertide. There is to be seen a great variety and diversity of styles in materials and trimmings, the result of the study given to the selection of Paris gowns by the European representatives of the firm.

The richness of the materials is the especial feature of the exhibit. One of the gowns which attracts the greater share of attention is a Docullet yellow sunburst. As made up in the fitting-room, it is a tucked yellow chiffon skirt, with very full-fitted flounce, clusters of sunbursts fitted in flounce with ornament of lace in each sunburst. The blouse is a sunburst effect, with filet lace collar and sunburst yoke. The collar is of green, with crushed filet lace sleeves full puffs of chiffon with bands of green ribbon. Transparent lace cuff, with crushed yellow liberty silk girdle.

#### MOTHER WILL LOSE CHILDREN. Court Directs Father to Take

Charge of Them. Charge of Them.

Circuit Judge Taylor yesterday directed that the custody of the children of Mrs. Elizabeth Vankirk be taken from her and given to her former husband, Lesile Vankirk. The children are Odessa, 6 years old; Frank, 4 years, and Gladys, 18 months. Mrs. Vankirk obtained a divorce December 22 last and the custody of the children was awarded to her. It was claimed that she has not taken proper care of them. The children have been in charge of an aunt of Mrs. Vankirk. Odessa was taken away some days ago and was found in a tent at Delmar and De Ballviere avenues. The baby was sent to the Children's Hospital. Mrs. Vankirk also took Frank from her aunt's home, it was stated, a few days ago.

TRIED TO ASSASSINATE DEPUTY. Assailant Shot Officer Through Window Near Hot Springs.

REPUBLIC SPECIAL.

Hot Springs, Ark., March 26.—An attempt was made last night to assassinate Deputy Sheriff Robert Marsh at his home in Lincoln Township, several miles from this city. in Lincoln Township, several miles from this city.

Marsh, who serves under Sheriff Williams, was holding his aching head in his hands, seated in a chair near a window about 9 o'clock, when a full charge of buckshot crashed through the window, lacerating his hands and entering his face, head and shoulders.

The would-be assassin fired only one shot and quickly disappeared in the darkness. Marsh was brought to this city to-day, and, while badly wounded, will recover. As soon as the report reached Sheriff Williams he sent several deputies to the county to locate the assailant.

# HAVE REPUBLICANS DEALT WITH BUTLER?

Failure to Make Nominations for House of Delegates in Some Wards Causes Comment.

### WARDS CLAIMED FOR BUTLER. TO ARRANGE WITH WABASH.

Chairman Blake of City Committee Says He Urged That Candidates Be Named and Knows Nothing of Deal.

"If there has been any deal between Re publicans and Bi Butler in the wards said to be controlled by Butler I know nothing of it.

So declared W. H. Blake, chairman of the Republican City Central Committee yesterday, when asked concerning a report to the effect that such a deal had been made, and it was for this reason that the Republican had placed no candidates before the party at the recent primaries to nominate mer for the House of Delegates from certain

wards.

Chairman Blake, as well as other Republicans, did not appear to be much interested regarding what was being done in the wards where the deals are said to have been made. The wards which are alleged to be Butler wards are the Third, Fifth, Fourteenth, Fifteenth and Twenty-third.

"I scorched those fellows about not putting out candidates in all of the wards, but in those wards where no posmingtions were

"I scorched those fellows about not putting out candidates in all of the wards, but in those wards where no nominations were made I was told that it would be utterly useless to nominate anybody because they could not be elected. The inactivity and apparent lack of interest, I was told, was the reason candidates were not named in certain wards.

"But if in these wards referred to there have been deals made with Butler, as reported, I am in utter ignorance. I know I endeavored to have nominees put on the ticket from every ward, but those efforts availed nothing."

In the Third Ward there is no Republican candidate. In the Fifth Butler is alleged to be in control of both candidates; in the Fiteenth and Sixteenth, there are no Republican candidates; and in the Fourteenth and Twenty-third. Butler, it is claimed, controls both Republican candidates.

It is charged that in the Twenty-third Ward the Republican nominee is a Democrat, and that the election of either the Republican or Democratic nominee will be satisfactory to Butler.

The reported deal has created considerable comment among Republicans who have heard of it, but others, as well as Chairman Blake, disclaim knowledge of it.

#### STRATTON JURY IS QUASHED. Result of Bribery Charges in Colorado Will Contest.

Colorado Springs, Colo. March 26.—Judge Seeds to-day granted the motion of the attorneys for the executors of William S. Stratton's will to quash the panel of Jurors in attendance upon District Court and ordered a new venire, returnable Saturday next, when the selection of a jury to try the will contest will be begun. In announcing his decision the Judge said:

"Without the slightest reflection against jurors in this panel or any attorney in this case the court deems it necessary to sustain the motion in order that the greatest opportunity for a fair and impartial trial of this case can be given, and that no parties to this controversy may enter upon the trial believing that they are not on fair and equal terms."

### RAILROADS MAY USE TERMINAL BELT LINE.

All St. Louis Roads Will Have Passenger Terminal Facilities at World's Fair.

Double-Track Railway Encircling City From Merchants' Bridge Expected to Be Completed by August.

With the completion of the North End Belt Line, which is being built by the Terminal Association, and which extends from the Merchants' Bridge to the intersection of the Wabash tracks at Page avenue, it is expected that arrangements will be made whereby all of the St. Louis roads will have terminal facilities at the World's Fair The plan is for the trains to use the Belt line, which will be double-tracked and ready for use by the first of August, to Page avenue, and from there arrange with the Wabash and the Rock Island to use their joint tracks to the Fair Grounds and proceed from the World's Fair station on the Wabash tracks back to Union Sta-

tion, completely encircling St. Louis. It is stated that the Wabash officials have already been approached on this proposition and are willing to make arrangements. Further, that if it is possible the Wabash and Rock Island will lay four tracks along the there may be no danger of a congestion of

No additional facilities will be provided by the Wabash for the dedication days in April further than to run what is known as 'shuttle" trains, which consist of a series of trains running to and from the grounds

as rapidly as safety will permit.

An official of the Terminal Association in an interview stated that one track of the Belt Line is practically completed, but exready for use by the dedication day, as considerable grading will have to be done, especially back of the Suburban Park, where a deep cut will have to be made. Work on the North End belt line was be-

gun in 1893, before the Fair was thought of, it being the idea to establish a service whereby a circle could be made entirely around the city and trains could reach industries along its line.

Since the necessity has arisen for additional transportation facilities at the Fair grounds, it has been practically decided that if arrangements can be made all of the St. Louis lines will use it for passenger traffic. This, it is stated, will not only relieve the congestion at Union Station, but will provide a comfortable means of getting o the Fair, as it is understood that the train can be taken from Union Station to the Fair grounds, as well as the Merchants'

New York. March 26.—The offer of Secretary Shaw seemed to come as a surprise to bond brokers, some of whom professed to be unable to understand its scope or purport. It was generally looked upon as an emergency or relief measure, inasmuch as the offer will release from \$5,00,000 to \$5,000,000, the amount depending entirely upon the proportion of 3s and 4s turned in. One broker thought the proposition was designed to induce banks to increase their circulation. Nobody could trace any connection between the offer and the coming Panama Canal payment.

RECORD IS BEING INVESTIGATED. William Shaw Bowen May Not Be Appointed Consul at Guayaquil.

pointed Consul at Guayaquii.

REPUBLIC SPECIAL

Washington, March 27.—The appointment of William Shaw Bowen of Rhode Island as United States Consul at Guayaquil is held up by the President, pending an investigation of that gentleman's record in the navy.

Mr. Bowen was appointed an Acting Assistant Surgeon in the navy in 1855, and served until December 31, 1873 A few months before the last-named date Doctor was convicted by court-martial of the charge of "scandalous conduct," said to have been based on a financial transaction, and sentenced to be dismissed.

Before the case was finally acted upon, the officer resigned and his resignation was accepted to take effect December 31, 1873.

This action was based on mitigating circumstances.

The pending investigation is secret, and the result has not been disclosed.

# POLICE EXPENSE LESS THAN SCHOOL OUTLAY

Auditor Mason of the Board of **Education Cites Official Figures** to Support the Claim.

#### EXPENDED \$2,165,804 IN 1902.

Police Department Appropriation Last Year Was \$1,623,061.76, and This Year's Estimate Is \$1,654,325.96.

Henry A. Kersting, an attorney with offices in the Roe building, in a communication to The Republic, calls attention to a statement published Monday in the Republican organs, to the effect that the Police Department of St. Louis costs the taxpayrs more than the public schools. Mr. Kersting says this statement is false.

'In collecting and marshaling these estimates," he says, "the writer overlooked the fact that our public schools and the State University receive, in addition to money directly appropriated, all moneys collected on account of the collateral inheritance tax, which amounts to 5 per cent of the market value of all property inherited collaterally. This yields a large revenue. Another source of revenue is the fines collected in courts and forfeited bonds, a proportion of which is paid into the School Fund."

AUDITOR MASON AGREES. AUDITOR MASON AGREES.

Auditor Charles Mason of the Board of Education says that Mr. Kersting is correct in declaring that the Police Department is less expensive to taxpayers than the public school system.

"I do not know where the writers of the articles obtained their information," he said, "but their sources seem to have been unreliable. The Board of Education issues a monthly statement of its total receipts and expenditures, besides the annual report, and the figures used in the articles in question are not taken from our official report.

question are not taken from our official report.

"Our total receipts from all sources last year, quoting from the report of the fiscal year ending June, 1902, were \$2.185.906.90.

Our total expenditures were \$2.165.904.94. At the beginning of the fiscal year we had a cash balance on hand of \$256,000, so that, although our expenditures for the year were about \$10,000 in excess of our revenue, we finished the year with a cash balance on hand of about \$255,000.

"Our revenue from the collateral inheritance tax is not so large, perhaps, as Mr. Kersting thinks, Last year we received from this source \$196,000. Our revenue from fines, bond forfeitures, etc., is not a very large one, either. All the money received from this source goes into a perpetual fund, and we are allowed to use only the interest on it. In 1900-1901 we received from this source \$6,310.41, in 1901-1902 \$2,440.46, and this year, to date, \$29,550.16. The increase this year, to date, \$29,550.16. The increase this year is largely due to the forfeiture of the \$20,000 bond of Charles Kratz and the \$5,000 bond of J. K. Murrell.

REVENUE FROM THE STATE,

REVENUE FROM THE STATE. REVENUE FROM THE STATE,

"The only revenue we derive from the
State is that received from the State School
Fund and the railroad tax fund. Last year
we received \$175,661.89 from the State School
Fund and \$106,174.27 from the railroad tax
fund, a total of \$282,256.16. This year, to
date, we have received from the State
School Fund \$133,088.95. The returns from
the railroad tax fund are not in yet, and
I cannot estimate the revenue from that

source.

"Outside of that \$282,225.16 received from the State, every cent of the cost of supporting the public schools was contributed by the people of St. Louis."

The appropriation for the Police Department for 1992 was \$1,623,061.76. The estimate for the coming year is \$1,654,225.96. The Board of Education for 1992 expended \$2,185,894.04, and the estimate for this year is about \$2,300,000.

Carthusians, the Wealthiest Order in the Country, Share Fate of All the Others.

#### THEY MANUFACTURE A CORDIAL.

Effort to Create a Demonstration in Favor of the Brotherhood Quickly Suppressed by the Paris Police.

Paris, March 26.-The Chamber of Depuies to-day completed the Government's rogramme relative to the male religious orders which applied for authorization to remain in France, refusing by a large majority the application of Carthusian monks, who were separated from the other orders as forming a class apart, they being employed in manufacturing a cordial. The order is the wealthlest in France.

Abbe Lemire spoke to-day on behalf of the monks, urging that they spread their benefactions in the country around the monastery and that the money made by their industry is freely distributed to the moor.

monastery and that the money made by their industry is freely distributed to the poor.

"The true reason that the order is driven from the country." said the speaker, "is that it is feared that their money is used for political purposes. This is untrue."

Premier Combes replied that the arguments in favor of the Carthusian monks could be reduced to the assertion that the order does good, and that the decision against it would be painfully received by the country. His opinion was absolutely different. He said:

"The Carthusian monks live under the same regime as the other orders and should be treated in the same way. They should not be favored because they are rich.

"It has been urged that their departure would cause a serions loss to the department of Isere, in which their monastery is situated. But the Chamber must not be guided by considerations of material interest. It is debasing religion to associate it with commercial enterprises.

"It is asserted that the Carthusian monks do not meddle in politics. They have not meddled openly, with drums and trumpets, like the other orders, but they have conducted an active propaganda against the Republic. The superior general of the Carthusian order signed a recent pamphlet urging all citizens not to pay their taxes and to boycott the republican officials."
